

ROHS- and REACH- Declaration

Metallux AG, a manufacturer of potentiometers, linear-and rotary sensors, membrane sensors, pressure sensors, high voltage-and power resistors as well as industrial joysticks, is, in terms of ROHS-and REACH conformity a downstream user in the supply chain. We are aware of our obligations to comply with the ROHS and REACH – conformity.

We are in close contact with our suppliers of chemicals and preparations to be able to offer our customers products in time and in the proven and tested quality.

Substances used are materials which are built into our products as well as raw-, auxiliary- and operating materials required for our manufacturing process.

We constantly keep track on the candidate list set up by ECHA according to article 58.

Through conformity confirmations from our suppliers, we make sure that at all times compliance with the actual norms is ensured. Finally, we want to reassure you that all necessary steps are taken to ensure that all our products are in compliance with national and international regulations.
